- (b) does not confer on any person a right of entry on to land (other than land prescribed by subsection (2A)) for fossicking purposes.

(2A) For the purposes of subsection (2) (b), the prescribed land is Crown land (within the meaning of the *Crown Lands Act 1989*):

as the case requires, unless the decision-maker makes a determination under subsection (4).

(4) The decision-maker may determine that subsection (3) does not apply with respect to the land or to a part of the land if the decision-maker is satisfied that having the land or that part subject to both the licence and the other authorisation concerned is not likely to make the exercise of rights under the licence or the other authorisation impracticable.

### **20 (Repealed)**

### **21 Colliery holdings**

An exploration licence may not be granted over land within a colliery holding unless the Chief Inspector appointed under the *Coal Mine Health and Safety Act 2002* is satisfied that prospecting operations may be carried out under the licence without any adverse effect on, and without any risk to the safety of the persons engaged in, the carrying out of coal mining operations in the exploration area.

See clause 14 (3) of Part 5 of Schedule 5 to the *Native Title Amendment Act 1998* of the Commonwealth for preservation of approvals previously granted by the Commonwealth.

### **32B Special low-impact class of licence**

- (1) There is to be a special class of exploration licence called a low-impact exploration licence.
- (2) An exploration licence may be granted as a low-impact exploration licence if this Division is complied with.
- (3) The provisions of this Act relating to exploration licences apply to low-impact exploration licences, except as otherwise provided by this Division.

### **32C Authority conferred by low-impact licence**

- (1) The Minister may, by order published in the Gazette, determine the kind of prospecting operations that may be authorised by a low-impact exploration licence, being operations that the Minister is satisfied are unlikely to have a significant impact on the land over which the licence may be granted. For orders under this subsection see Gazette No 120 of 15.10.1999, p 10011.

- (2) The conditions to which a low-impact exploration licence is subject are to limit the prospecting operations authorised by the licence to all or some of the prospecting operations of the kind determined by the Minister under this section.
- (3) A change in the prospecting operations determined by the Minister under this section does not affect a low-impact exploration licence that is in force at the time the change is made.

### **32D Provisions relating to applications for low-impact licence**

- (1) A person may not be granted a low-impact exploration licence unless notice of the application for the licence has been served on all:
  - (a) registered native title bodies corporate, and
  - (b) registered native title claimants, and
  - (c) representative Aboriginal/Torres Strait Islander bodies,in relation to any of the land that will be affected by the proposed prospecting operations to be authorised by the licence.
- (2) The notice must contain a map or other description of the land over which the exploration licence is sought and a description of the kind of prospecting operations that may be authorised by the licence.
- (3) An applicant may request the Minister to grant a low-impact exploration licence either at the time the application for a licence is made or at any later time before the grant of the licence.
- (4) The regulations may make other provision for or with respect to the making and grant of applications for low-impact exploration licences.
- (5) In this section, "**application**" includes tender.

### **32E Change of class of licence--additional prospecting operations**

- (1) The holder of a low-impact exploration licence may apply to the Minister for a variation of the prospecting operations authorised by the licence.
- (2) After considering the application, the Minister may vary the licence or may refuse the application.
- (3) If the prospecting operations authorised by a licence as so varied are not of a kind permitted by this Division, the licence ceases to be a low-impact exploration licence.
- (4) The variation of an exploration licence takes effect on the date on which written notice of the variation is served on the holder of the licence or such later date as may be specified in the notice.

The right to negotiate or other procedures may apply to the variation of the licence under the Commonwealth Native Title Act if section 26A of that Act no longer applies because of the variation.

### **32EA Review of determination under section 32E**

- (1) The Minister must give an applicant under section 32E written notice of the outcome of the application.
- (2) The holder of a low-impact exploration licence may, within 30 days (or such longer period as may be prescribed) after being served with written notice of the determination under section 32E apply to the decision-maker for a review of the determination.
- (3) An application must:
  - (a) be made in the approved form and manner (if any), and
  - (b) contain any information that is prescribed by the regulations, and
  - (c) be accompanied by the fee (if any) prescribed by the regulations.
- (4) The making of an application for review of a determination does not operate to stay the determination.
- (5) On a review, the decision-maker may confirm or change the determination.
- (6) The decision-maker is to give the applicant written notice of the outcome of the application.
- (7) If the decision-maker changes a determination, the changed determination replaces

the earlier determination as from the date of the written notice.

(8) A decision on a review may not be further reviewed under this section.

### **32F Access arrangement required for prospecting operations under low-impact licences**

(1) In this section, "**relevant land**" means land in relation to which there are registered native title bodies corporate or registered native title claimants.

(2) A low-impact exploration licence is subject to the condition that the holder of the licence is not authorised to carry out prospecting operations on any relevant land otherwise than in accordance with an access arrangement under Division 2 of Part 8 between the holder of the licence and each registered native title body corporate or each registered native title claimant, being an access arrangement:

(a) that is agreed between them in accordance with that Division, or that is determined for them by an arbitrator in accordance with that Division, and

(b) that has involved consultation by the holder of the licence that satisfies the requirements of section 26A of the Commonwealth Native Title Act.

(3) This section does not apply in any case in which Division 2 of Part 8 is excluded because of section 138 (2) (which relates to prospecting title granted after compliance with the full native title right to negotiate procedure or an indigenous land use agreement).

(4) This section does not limit the operation of Division 2 of Part 8 with respect to landholders who are not native title holders.

### **32G Renewal of low-impact licences**

The requirements of this Division with respect to the grant of a low-impact exploration licence apply to the renewal of such a licence, subject to any modifications prescribed by the regulations.

## **Part 4 – Assessment leases**

### **Division 1 – Applications**

#### **33 Application for assessment lease**

(1) Any person may apply for an assessment lease.

(2) To avoid doubt, the owner of privately owned minerals may apply for an assessment (mineral owner) lease or any other assessment lease with respect to those minerals. The owner of privately owned minerals may choose to apply for an ordinary assessment lease with respect to those minerals, rather than an assessment (mineral owner) lease. In relation to assessment (mineral owner) leases see section 42 (4).

(3) An application that relates to land in a mineral allocation area may not be made in relation to an allocated mineral except:

(a) by the holder of an exploration licence or mining lease over that land in respect of that mineral or group of minerals, or

(b) with the Minister's consent.

(4) An application for an assessment lease must:

(a) specify the mineral or minerals in respect of which the application is made, and

(b) be lodged with the Director-General, and

(c) be accompanied by the required information and the application fee prescribed by the regulations, and

(d) if the application is for an assessment (mineral owner) lease with respect to privately owned minerals that have more than one owner, be made by all the owners.

(5) The required information is as follows:

(a) a description, prepared in the approved manner, of the proposed assessment area,

(b) an assessment of the mineral bearing capacity of land in that area and of the

- extent of any mineral deposits in that land,
  - (c) particulars of the financial resources and technical advice available to the applicant,
  - (d) particulars of the program of work proposed to be carried out by the applicant in the proposed assessment area,
  - (e) particulars of any program of marketing or environmental study proposed to be carried out by the applicant,
  - (f) particulars of the estimated amount of money that the applicant proposes to spend on prospecting in the proposed assessment area,
  - (g) if the application is for an assessment (mineral owner) lease, evidence that the minerals to which the application relates are owned by the applicant,
  - (h) any other information that is prescribed by the regulations.
- (6) If there is more than one applicant for the lease, a reference in subsection (5) to the applicant is a reference to each applicant.

### **33A Notice of application for assessment lease**

- (1) Within 14 days (or such other period as may be prescribed by the regulations) after lodging an application for an assessment lease, the applicant must cause notice of the application to be published in a newspaper circulating generally in the State and in at least one newspaper circulating in the locality concerned.
- (2) The notice must:
- (a) state that an application for an assessment lease has been lodged, and
  - (b) contain a plan of the proposed assessment area, and
  - (c) comply with any other requirements that are prescribed by the regulations for the purposes of this subsection.

### **33B Limit on subsequent applications**

If a person:

- (a) applies for the grant or renewal of a mineral owner authority in relation to particular land and that application is refused, or
- (b) was the holder of a mineral owner authority in relation to particular land when that authority was cancelled,

the person may not, within 2 years after that refusal or cancellation, apply for an assessment (mineral owner) lease in relation to that land except with the Minister's consent.

### **34 Decision-maker may require further information**

The decision-maker may require the applicant to furnish further information in connection with the application, including (if the applicant is a corporation) information as to the extent to which the controlling power in the corporation's affairs is held by:

- (a) a foreign company within the meaning of the *Corporations Act 2001* of the Commonwealth, or
- (b) a company registered under that Act that is taken for the purposes of that Act to be registered in a State or Territory other than New South Wales, or
- (c) an individual who is a resident of a foreign country.

### **35 Exclusion of land from assessment lease application**

- (1) The decision-maker may, by order in writing, direct that any part of the land to which an application for an assessment lease relates be excluded from the application.
- (2) A direction takes effect on the date on which written notice of the direction is served on the applicant.
- (3) This section does not apply to an application for an assessment (mineral owner) lease.

## **Division 2 – Restrictions on the grant of assessment leases**

### **36 Land in reserve or opal prospecting area**

An assessment lease may not be granted over any land within:

- (a) an opal prospecting area, or
- (b) a reserve in respect of which an order prohibiting the granting of assessment leases is in force under section 367.

### **37 Land subject to authority**

- (1) An assessment lease may not be granted over any land:
- (a) the subject of an exploration licence that includes any mineral or minerals in respect of which the assessment lease is sought, or
  - (b) the subject of an assessment lease, mining lease or mineral claim, or
  - (c) the subject of an application for any of the following that was lodged before the application for the assessment lease:

- (i) an exploration licence that includes a group of minerals in respect of which the assessment lease is sought,
- (ii) an assessment lease,
- (iii) a mining lease,
- (iv) a mineral claim,

otherwise than to or with the written consent of the holder of, or the applicant for, that licence, lease or claim.

(2) A written consent given under this section is irrevocable.

(3) If, as a result of such a consent, an assessment lease is granted over any such land, that land:

- (a) ceases to be subject to the exploration licence, assessment lease, mining lease or mineral claim concerned, or
- (b) is excluded from the application for the exploration licence, assessment lease, mining lease or mineral claim concerned,

as the case requires, unless the decision-maker makes a determination under subsection (4).

(4) The decision-maker may determine that subsection (3) does not apply with respect to the land or to a part of the land if the decision-maker is satisfied that having the land or that part subject to both the lease and the other authorisation concerned will not make the exercise of rights under the lease or the other authorisation impracticable.

### **38 Land subject to exploration licence**

(1) If an application for an assessment lease is made in respect of land that is wholly or partly subject to one or more exploration licences (other than exploration licences that include any mineral or minerals in respect of which the assessment lease is sought), the decision-maker must cause notice of the application to be served on the holder of every such exploration licence.

(2) The holder of an exploration licence served with such a notice may object to the granting of the assessment lease by lodging with the Director-General, on or before the date specified in the notice, a written notice stating the grounds of the objection.

(3) Any such objection is to be taken into consideration by the decision-maker when determining the application.

(4) This section does not apply to an application that is made with the written consent of the holder of every exploration licence over the land concerned.

(5) A written consent given under this section is irrevocable.

### **39 (Repealed)**

### **40 Colliery holdings**

An assessment lease may not be granted over land within a colliery holding unless the Chief Inspector appointed under the *Coal Mine Health and Safety Act 2002* is satisfied that prospecting operations may be carried out under the lease without any adverse effect on, and without any risk to the safety of the persons engaged in, the carrying out of coal mining operations in the

assessment area.

### **Division 3 – Granting of assessment leases**

#### **41 Power of decision-maker in relation to applications**

- (1) After considering an application for an assessment lease, the decision-maker:
  - (a) may grant to the applicant an assessment lease over all or part of the land over which a lease was sought, or
  - (b) may refuse the application.
- (2) Without limiting the generality of subsection (1) or any other provision of this Act, an application may be refused on any one or more of the following grounds:
  - (a) that the applicant (or, in the case of an applicant that is a corporation, a director of the corporation) has contravened this Act or the regulations (whether or not the person has been prosecuted or convicted of any offence arising from the contravention) or has been convicted of any other offence relating to mining or minerals,
  - (b) that the decision-maker reasonably considers that the applicant provided false or misleading information in or in connection with the application.
- (3) The decision-maker may not grant an assessment lease under this section otherwise than in accordance with Part 1 of Schedule 1.
- (4) Part 1 of Schedule 1 does not, however, apply to an application for an assessment lease made by the holder of a mining lease over the same land as that over which the assessment lease is sought.

#### **42 Land and minerals for which assessment lease may be granted**

- (1) An assessment lease may be granted over land of any title or tenure.
- (2) An assessment lease may be granted in respect of any mineral or minerals, regardless of whether the mineral or minerals are publicly owned, privately owned or partly publicly and partly privately owned.
- (3) An assessment lease may be granted over the surface of land, over the surface of land and the subsoil below the surface, over the surface of land and the subsoil down to a specified depth below the surface or over the subsoil below or between any specified depth or depths below the surface of land.
- (4) However, an assessment (mineral owner) lease may be granted:
  - (a) only in respect of privately owned minerals, and
  - (b) only to the owner of those minerals.

#### **43 Shape and dimensions of land over which assessment lease may be granted**

The land over which an assessment lease is granted may differ in size or shape from, but may not include land other than, the land over which the lease was sought.

#### **44 Conditions of assessment lease**

- (1) An assessment lease is subject to such conditions (if any) as the decision-maker imposes when the lease is granted, or at any other time under a power conferred by this Act.
- (2) Without limiting the generality of subsection (1), the conditions of an assessment lease may include any of the following:
  - (a) a condition requiring the holder of the lease to pay royalty to the Minister on any minerals recovered under the lease (but only if it is not an assessment (mineral owner) lease),
  - (b) a condition with respect to cores and samples obtained in the course of prospecting.
- (3) Part 14 applies to royalty payable under a condition referred to in subsection (2) (a) in the same way as it applies to royalty payable on a mineral recovered under a mining lease.

#### **45 Term of assessment lease**

An assessment lease:

- (a) takes effect on the date on which it is granted or on such later date, or on the occurrence of such later event, as the decision-maker may determine, and
- (b) ceases to have effect on the expiration of:
  - (i) 2 years after the date on which it took effect, in the case of an assessment (mineral owner) lease, or
  - (ii) such period (not exceeding 5 years) as the decision-maker determines, in the case of any other assessment lease.

#### **46 Form of assessment lease**

An assessment lease is to be in the approved form and is to include the following particulars:

- (a) a description of the land over which it is granted,
- (b) a list of the mineral or minerals in respect of which it is granted,
- (c) the conditions to which it is subject,
- (d) the period for which it is to have effect.

### **Division 4 – Rights and duties under an assessment lease**

#### **47 Rights under assessment lease**

- (1) The holder of an assessment lease may, in accordance with the conditions of the lease, prospect on the land specified in the lease for the mineral or minerals so specified.
- (2) If an application for a mining lease or mineral claim made by the holder of an assessment lease is not finally dealt with before the date on which the assessment lease would otherwise cease to have effect, the lease continues to have effect, in relation only to the land to which the application relates, until the application is finally dealt with.

An assessment lease is designed to allow retention of rights over an area in which a significant mineral deposit has been identified, if mining the deposit is not commercially viable in the short term but there is a reasonable prospect that it will be in the longer term. The holder is allowed to continue prospecting operations and to recover minerals in the course of assessing the viability of commercial mining.

#### **47A (Repealed)**

#### **48 Exempted areas**

- (1) The holder of an assessment lease may not, except with the consent of the Minister, exercise any of the rights conferred by the lease on land in an exempted area.
- (2) Such consent may be given either unconditionally or subject to conditions.

#### **49 Dwelling-houses, gardens and significant improvements**

- (1) The holder of an assessment lease may not exercise any of the rights conferred by the lease over the surface of land:
  - (a) on which, or within the prescribed distance of which, is situated a dwelling-house that is the principal place of residence of the person occupying it, or
  - (b) on which, or within the prescribed distance of which, is situated any garden, or
  - (c) on which is situated any significant improvement other than an improvement constructed or used for mining purposes only,except with the written consent of the owner of the dwelling-house, garden or improvement (and, in the case of the dwelling-house, the written consent of its occupant).
- (2) The prescribed distance is:
  - (a) 200 metres (or, if a greater distance is prescribed by the regulations, the greater distance) for the purposes of subsection (1) (a), and
  - (b) 50 metres (or, if a greater distance is prescribed by the regulations, the greater distance) for the purposes of subsection (1) (b).
- (3) A written consent given under this section is irrevocable.
- (4) This section does not apply with respect to a dwelling-house, garden or significant

improvement owned by the holder of the assessment lease or, if the holder is a corporation, by a related corporation.

(5) If a dispute arises as to whether or not subsection (1) applies in a particular case, any party to the dispute may apply to the Land and Environment Court for a determination of the matter.

### **50 Assessment areas over which authority is subsequently granted**

Land over which an assessment lease is granted and over which some other authority is subsequently granted ceases to be part of the assessment area when the other authority takes effect.

## **Part 5 – Mining leases**

### **Division 1 – Applications and tenders**

#### **51 Application for mining lease**

- (1) Any person may apply for a mining lease.
- (2) To avoid doubt, the owner of privately owned minerals may apply for a mining (mineral owner) lease or any other mining lease with respect to those minerals. The owner of privately owned minerals may choose to apply for an ordinary mining lease with respect to those minerals, rather than a mining (mineral owner) lease. In relation to mining (mineral owner) leases see section 68 (4).
- (3) An application that relates to land in a mineral allocation area may not be made in relation to an allocated mineral except:
  - (a) by the holder of an exploration licence or assessment lease over that land in respect of that mineral, or
  - (b) with the Minister's consent.
- (4) An application for a mining lease must:
  - (a) specify the mineral or minerals, or the mining purpose or mining purposes, in respect of which the application is made, and

  - (d) particulars of the program of work proposed to be carried out by the applicant in the proposed mining area,
  - (e) if the application is for a mining (mineral owner) lease, evidence that the minerals to which the application relates are owned by the applicant,
  - (f) any other information that is prescribed by the regulations.
- (6) If there is more than one applicant for the lease, a reference in subsection (5) to the applicant is a reference to each applicant.

#### **51A Notice of application for mining lease**

- (1) Within 14 days (or such other period as may be prescribed by the regulations) after lodging an application for a mining lease, the applicant must cause notice of the application to be published in a newspaper circulating generally in the State and in at least one newspaper circulating in the locality concerned.

(2) The notice must:

- (a) state that an application for a mining lease has been lodged, and

### **51B Limitation on subsequent applications**

If a person:

- (a) applies for the grant or renewal of a mineral owner authority in relation to particular land and that application is refused, or
- (b) was the holder of a mineral owner authority in relation to particular land when that authority was cancelled,

the person may not, within 2 years after that refusal or cancellation, apply for a mining (mineral owner) lease in relation to that land except with the Minister's consent.

### **52 Invitations for tenders**

(1) This section applies only to allocated minerals in land within a mineral allocation area.

(2) The Minister may, by notice published:

- (a) in a newspaper circulating generally throughout the State, and
- (b) in one or more newspapers circulating in the locality in which the land concerned is situated,

invite tenders for a mining lease (other than a mining (mineral owner) lease) for an allocated mineral.

(3) An invitation:

- (a) must describe the land to which it relates, and
- (b) must identify the allocated mineral to which it relates, and
- (c) must specify the place at which, and the date on or before which, tenders for the mining lease should be lodged.

(4) Tenders may not be invited under this section otherwise than in accordance with Part 2 of Schedule 1.

### **53 Tenders**

(1) A tender for a mining lease:

(b) if such an amount is to be paid by way of instalments--the period (not exceeding 5 years) within which the amount will be paid.

(5) A tenderer is entitled to a refund of the fee referred to in subsection (1) (c) if a mining lease is not granted to the tenderer as a consequence of the tenderer being refused development consent to the use of the land concerned, or any part of the land, for the purpose of obtaining minerals.

#### **54 Decision-maker may require further information**

The decision-maker may require the applicant or tenderer to furnish further information in connection with the application or tender, including (if the applicant or tenderer is a corporation) information as to the extent to which the controlling power in the corporation's affairs is held by:

(a) a foreign company within the meaning of the *Corporations Act 2001* of the Commonwealth, or

- (a) ceases to be subject to the exploration licence, assessment lease, mining lease or mineral claim concerned, or
- (b) is excluded from the application for the exploration licence, assessment lease, mining lease or mineral claim concerned,

as the case requires, unless the decision-maker makes a determination under subsection (4).

(4) The decision-maker may determine that subsection (3) does not apply with respect to the land or to a part of the land if the decision-maker is satisfied that having the land or that part subject to both the lease and the other authorisation concerned is not likely to make the exercise of rights under the lease or the other authorisation impracticable.

## **59 Land subject to exploration licence**

(1) If an application for a mining lease is lodged in respect of land that is subject wholly or partly to one or more exploration licences (other than exploration licences that include any mineral or minerals in respect of which the mining lease is sought), the decision-maker must cause notice of the application to be served on the holder of every such exploration licence.

(2) The holder of an exploration licence served with such a notice may object to the granting of the mining lease by lodging with the Director-General, on or before the date specified in the notice, a written notice stating the grounds of the objection.

(5) A written consent given under this section is irrevocable.

## **60 (Repealed)**

## **61 Colliery holdings**

A mining lease may not be granted over land within a colliery holding unless the Chief Inspector appointed under the *Coal Mine Health and Safety Act 2002* is satisfied that prospecting or mining operations may be carried out under the lease without any adverse effect on, and without any risk to the safety of the persons engaged in, the carrying out of coal mining operations in the mining area.

## **62 Dwelling-houses, gardens and significant improvements**

(1) A mining lease may not be granted over the surface of any land:

except with the written consent of the owner of the dwelling-house, garden or improvement (and, in the case of the dwelling-house, the written consent of its occupant).

(2) The prescribed distance is:

- (a) 200 metres (or, if a greater distance is prescribed by the regulations, the greater distance) for the purposes of subsection (1) (a), and

- (b) 50 metres (or, if a greater distance is prescribed by the regulations, the greater distance) for the purposes of subsection (1) (b).

(3) A written consent given under this section is irrevocable.

(4) Subsection (1) does not apply in respect of a dwelling-house, garden or significant improvement that was not in existence at the relevant date.

(5) The relevant date is:

- (a) in the case of a mining lease the subject of a tender under section 53, the date

on which notice of the invitation for tenders for the mining lease was published in the Gazette under section 136, or

(b) in the case of a mining lease the subject of an application made by the holder of an exploration licence granted as a result of a tender under section 15 in respect of the same land, or of an assessment lease granted over the same land to the holder of such an exploration licence, the date on which notice of the invitation for tenders for the exploration licence was published in the Gazette under section 136, or

- (2) An application for the renewal of an authority must be lodged with the Director-General within the period set out below:
  - (a) in the case of the renewal of an exploration licence or an assessment lease--within the period of 2 months before the licence or lease ceases to have effect, or
  - (b) in the case of the renewal of a mining lease for 1 year or less--within the period of 2 months before the lease ceases to have effect, or
  - (c) in the case of the renewal of a mining lease for more than 1 year--not earlier than 5 years and not later than 1 year before the lease ceases to have effect.
- (3) An application for renewal must be accompanied by the application fee prescribed by the regulations and any information that is prescribed by the regulations.
- (4) (Repealed)
- (5) If an application for the renewal of an authority is in respect of part only of the land subject to the authority, the application must be accompanied by a description, prepared in the manner prescribed by the regulations, of the land over which renewal of the authority is sought.
- (6) An application for the renewal of an exploration licence may be made in respect of one or more parts (but not more than such number of parts as may be prescribed by the regulations) of the exploration area.
- (7) An application for the renewal of an assessment lease or a mining lease may be made in respect of the whole, or of any single part, of the assessment area or mining area.
- (8) To avoid doubt, the holder of an exploration licence may apply for and be granted a renewal of the licence even if the holder is an applicant for or is granted an assessment lease or a mining lease with respect to some or all of the land in the exploration area.

#### **114 Power of decision-maker in relation to renewal applications**

- (1) After considering an application for the renewal of an authority, the decision-maker:
  - (a) may renew the authority, or
  - (b) may refuse the application.
- (2) Without limiting the generality of subsection (1) or any other provision of this Act, an application may be refused on any one or more of the following grounds:
  - (a) that the applicant (or, in the case of an applicant that is a corporation, a director of the corporation) has contravened this Act or the regulations or a condition of the authority (whether or not the person has been prosecuted or convicted of any offence arising from the contravention) or has been convicted of any other offence relating to mining or minerals,
  - (b) that a person has contravened a condition of the authority (whether or not the person has been prosecuted or convicted of any offence arising from the contravention),
  - (c) that the decision-maker reasonably considers that the holder of the authority provided false or misleading information in or in connection with the application or any report provided under this Act for or with respect to the authority.
- (3) The period for which an authority is renewed may not on any one occasion exceed:
  - (a) 5 years in the case of an exploration licence or assessment lease, or
  - (b) 21 years (or such longer period as the decision-maker may, with the concurrence of the Premier, determine) in the case of a mining lease.
- (4) On renewing an authority, the decision-maker may amend any of the conditions of the

authority and may include further conditions in the authority.

(5) The area of land over which an authority is renewed may differ from the area of land over which the renewal of the authority is sought, but not so as to include any land that was not subject to the authority immediately before the renewal.

(6) The area of land over which an exploration licence may be renewed is not to exceed half the area over which the licence was in force when the application for renewal was made unless the decision-maker is satisfied that special circumstances exist that justify renewal of the licence over a larger area.

(7) The decision-maker may defer dealing with an application for the renewal of a mining lease over any land if the mining lease is the subject of action being taken under Part 6 in connection with the granting of a consolidated mining lease over that land.

#### **115 Notice of renewal to be served on holder of authority**

(1) The decision-maker must cause notice of renewal of an authority to be served on the holder of the authority.

(2) Such a notice:

- (a) must set out any amendments to the conditions of the authority, and
- (b) must state the period for which the authority is renewed, and
- (c) if the area of land over which the authority is renewed differs from the area subject to the authority immediately before the renewal, must contain a description of the land over which the authority is renewed.

#### **116 Application by some only of holders of authority**

(1) The decision-maker may not renew an authority otherwise than in the names of each of the holders of the authority unless satisfied that any holder of the authority not applying for its renewal does not wish the authority to be renewed in that person's name.

(2) The decision-maker may cause to be served on any holder of an authority not applying for its renewal a written notice:

- (a) stating that an application for renewal of the authority has been lodged, and
- (b) requiring the person, in such manner and on or before such date as is specified in the notice, to state whether or not that person wishes the authority to be renewed in that person's name.

(3) If a person on whom such a notice is served fails to state whether or not the person wishes the authority to be renewed in that person's name, the failure to do so is conclusive evidence that the person does not wish the authority to be renewed in that person's name.

#### **117 Authority to have effect until application dealt with**

(1) If an application for the renewal of an authority is not finally dealt with before the date on which the authority would otherwise cease to have effect, the authority continues to have effect, in relation only to the land to which the application relates, until the application is finally disposed of.

(2) While an authority has effect under this section, the decision-maker may amend any of the conditions of the authority (other than a condition relating to royalty).

(3) An amendment takes effect on the date on which written notice of the amendment is served on the holder of the authority or on such later date as may be specified in the notice.

#### **118 Date from which renewal of authority has effect**

(1) The renewal of an authority takes effect on the date on which the application for renewal is granted or on any later date, or on the occurrence of any later event, that the decision-maker may determine.

(2) Any amendment of the conditions of an authority takes effect on the date on which the renewal of the authority takes effect.

#### **119 Partial renewals**

If an authority is renewed as to part only of the land to which the application for renewal relates,

the authority ceases to have effect in relation to the remainder of the land on the date on which the renewal takes effect.

## **Division 2 – Transfer of authorities**

### **120 Application for approval of transfer**

- (1) The holder of an authority may apply for approval of the transfer of the authority to another person.
- (2) An application for approval must be lodged with the Director-General, include any information that is prescribed by the regulations and be accompanied by the following:
  - (a) the application fee prescribed by the regulations,
  - (b) the consent of the proposed transferee,
  - (c) in the case of a partial transfer, a plan identifying the area to which the new authority would apply.

### **121 Power of decision-maker in relation to transfer approval applications**

- (1) After considering an application for approval of the transfer of an authority, the decision-maker may:
  - (a) approve the transfer in accordance with the application, or
  - (b) refuse the application.
- (2) Without limiting the generality of subsection (1) or any other provision of this Act, an application may be refused on any one or more of the following grounds:
  - (a) that the applicant (or, in the case of an applicant that is a corporation, a director of the corporation) has contravened this Act or the regulations (whether or not the person has been prosecuted or convicted of any offence arising from the contravention) or has been convicted of any other offence relating to mining or minerals,
  - (b) that the decision-maker reasonably considers that the applicant provided false or misleading information in or in connection with an application.
- (3) An application for the transfer of a mineral owner authority may be approved only:
  - (a) if the proposed transferee is the owner of the minerals to which the authority relates, or
  - (b) if the proposed transferee is not the owner, subject to the condition that the transfer does not come into effect until the decision-maker notifies the applicant in writing that the decision-maker is satisfied that the proposed transferee has become the owner.
- (4) In approving a full transfer, the decision-maker may, subject to this Act, vary the conditions of the authority or include further conditions in the authority.
- (5) In approving a partial transfer, the decision-maker:
  - (a) may, subject to this Act, vary the conditions of the original authority, and
  - (b) is to determine the conditions of the new authority.
- (6) Without limiting subsection (4) or (5), the decision-maker may vary an authority by adding conditions, including conditions that impose obligations on the transferor or the transferee to rehabilitate land or water affected by mining or prospecting or by associated activities carried out on land that is the subject of the transfer.
- (7) The decision-maker is to give the applicant written notice of the outcome of the application.
- (8) This section does not affect the operation of section 75V (Approvals etc legislation that must be applied consistently) or 93 (Granting and modification of approval by approval body) of the *Environmental Planning and Assessment Act 1979*.

### **122 Registration of transfers**

- (1) If the transfer of an authority has been approved, the transferor or transferee of the authority may, within 3 months after being notified of the approval, apply for registration of the transfer.

- (2) Any such application must be:
- (a) lodged with the Director-General, and
  - (b) accompanied by the application fee prescribed by the regulations, and
  - (c) accompanied by:
    - (i) in the case of a full transfer--a document signed by the decision-maker and the transferee acknowledging the terms of the authority after the transfer, and
    - (ii) in the case of a partial transfer--a document signed by the decision-maker and the transferor acknowledging the terms of the original authority after the transfer, and
    - (iii) in the case of a partial transfer--a document signed by the decision-maker and the transferee acknowledging the terms of the new authority.
- (3) On receipt of the application, the Director-General must register the transferee as the holder of the authority or (in the case of a partial transfer) the new authority.
- (4) On registration of a full transfer the transferee becomes the holder of the authority and any variation of the authority under this Division takes effect.
- (5) On registration of a partial transfer:
- (a) the original authority is taken to have been cancelled as to the area of the part transferred, and
  - (b) an authority over the part transferred is taken to have been granted to the transferee for the period from the date of registration until the date on which the original authority is due to expire and subject to the conditions determined under this Division, and
  - (c) the transferee becomes the holder of the new authority, and
  - (d) any variation of the original authority under this Division takes effect.

### **123 (Repealed)**

### **124 Caveats**

- (1) A person claiming a legal or equitable interest in an authority may lodge with the Director-General a caveat, accompanied by the lodgment fee prescribed by the regulations, directing the Director-General not to register any transfer of the authority otherwise than in accordance with the provisions of the caveat.
- (2) Unless sooner withdrawn, a caveat remains in force for the period of 3 months from the date on which it is lodged.
- (3) While a caveat remains in force, a transfer of the authority to which it relates may not be registered in contravention of the provisions of the caveat otherwise than pursuant to an order of the Supreme Court directing the Director-General to register the transfer.
- (4) At the expiration of the period for which a caveat is in force, a transfer of the authority to which it relates is to be registered unless, before the expiration of that period, the Director-General is served with an order of the Supreme Court prohibiting the Director-General from registering the transfer.

## **Division 3 – Cancellation of authorities**

### **125 Grounds of cancellation of authority**

- (1) The decision-maker may cancel an authority as to the whole or any part of the land to which it relates:
- (a) if the holder of the authority requests the decision-maker to cancel the authority, or
  - (b) if the holder of the authority contravenes a provision of this Act or the regulations (whether or not the holder is prosecuted or convicted of any offence arising from the contravention), or
  - (b1) if a person contravenes a condition of the authority (whether or not the person is prosecuted or convicted of any offence arising from the contravention),

or

(b2) if the decision-maker reasonably considers that the holder of the authority provided false or misleading information in or in connection with an application or any report provided under this Act for or with respect to the authority, or

(c) if the holder of the authority fails to comply with the requirements of any agreement or assessment under Part 13 in relation to the payment of compensation, or

(d) if the holder of the authority is convicted of any offence relating to mining or minerals, or

(e) if the land is required for a public purpose, or

(f) if the holder of the authority fails to use the land comprised in the authority in good faith for the purposes for which the authority has been granted, or uses the land for a purpose other than that for which the authority has been granted.

(2) A request referred to in subsection (1) (a):

(a) must be lodged with the Director-General, and

(b) if the application is for the cancellation of the authority as to part only of the land to which it relates--must be accompanied by a description, prepared in the manner prescribed by the regulations, of the land in respect of which the authority is to be cancelled.

(3) Action may be taken under this section whether or not any other action has been taken in respect of the authority under this Act.

#### **126 Cancellations of authorities**

(1) Before cancelling an authority on a ground referred to in section 125 (1) (b)-(d) or (f), the decision-maker is to:

(a) cause written notice of the proposed cancellation and the grounds for it to be served on the holder of the authority, and

(b) give the holder a reasonable opportunity to make representations with respect to the proposed cancellation, and

(c) take any such representations into consideration.

(2) The decision-maker is to cause written notice of the cancellation of an authority to be given to the holder of the authority.

(3) The cancellation takes effect on the date on which the written notice of the cancellation is given to the holder of the authority.

(4) The cancellation of an authority does not affect any liability incurred by the holder of the authority before the cancellation took effect.

#### **127 Compensation for cancellation**

(1) The holder of an authority is not entitled to compensation merely because the authority is cancelled.

(2) However, if an authority is cancelled on the ground that the whole or any part of the land concerned is required for a public purpose, the holder of the authority is entitled to compensation, of an amount to be determined by the Minister, for any mining improvements made to the land.

#### **128 Appeals against decisions concerning cancellations**

(1) Any person who is aggrieved by the decision of the decision-maker to cancel an authority held by the person, or of the decision of the decision-maker as to the amount of compensation payable as a consequence of its cancellation, may appeal to the Land and Environment Court against the decision.

(1A) Such an appeal is to be made:

(a) within 14 days after written notice of the cancellation or of the decision with respect to compensation, is served on the holder of the authority, or

(b) within such further period as the Land and Environment Court may allow.

(1B) In deciding whether or not to allow a further period for appeal, the Land and

Environment Court is to have regard to:

- (a) the circumstances that have prevented the appellant from making the appeal within the 14 days referred to in subsection (1A) (a), and
  - (b) the consequences to the appellant, and to persons other than the appellant, of a decision allowing a further period for appeal, and
  - (c) the consequences to the appellant, and to persons other than the appellant, of a decision refusing a further period for appeal, and
  - (d) the public interest.
- (2) An appeal is to be heard by way of a new hearing, and fresh evidence, or evidence additional to the evidence available to the decision-maker when the decision was made, may be admitted in the hearing.
- (3) Subject to any order made by the Land and Environment Court, the lodging of an appeal does not operate to stay the decision appealed against.
- (4) The decision of the Land and Environment Court on an appeal is final and is to be given effect to as if it were the decision of the decision-maker.

## **Part 8 – Authorities generally**

### **Division 1 – General procedures**

#### **129 Holder of authority must be at least 18**

An authority may not be granted to an individual who has not attained the age of 18 years.

#### **130 Withdrawal of application**

- (1) An application or objection in relation to the grant, renewal, transfer or cancellation of an authority may be withdrawn by means of a notice of withdrawal signed by the applicant or objector and lodged with the Director-General and ceases to have effect when the notice is lodged.
- (2) The withdrawal of an application or objection under this section is irrevocable.

#### **131 Pending applications**

For the purposes of this Act, an application for an authority is pending from the time it is lodged until the time it is finally disposed of.

#### **132 Disputes as to priority of applications**

Any dispute as to the priority of competing applications for authorities over the same land is to be determined by the Minister.

#### **133 Nomination of authority holder by applicant or tenderer**

- (1) An applicant or tenderer for an authority may, by notice in writing lodged with the Director-General, nominate a person to whom the authority is to be granted.
- (2) The person nominated in an application or tender as the person to whom an authority is to be granted is, for the purposes of this Act, taken to be the applicant or tenderer for the authority.
- (3) (Repealed)

#### **134 Death etc of applicant**

An application for an authority made by a person who subsequently dies, becomes bankrupt or becomes a mentally incapacitated person:

- (a) subsists for the benefit of the applicant's estate, and
  - (b) may continue to be dealt with,
- if the applicant's legal representative or the manager of the applicant's estate so requests.

#### **135 Waiver of minor procedural matters**

- (1) The decision-maker may grant or renew an authority even though the applicant has

failed to comply with a requirement of this Act or the regulations:

- (a) as to the time within which anything is required to be done, or
- (b) as to the details to be contained in any notice served, lodged or caused to be published by the applicant, or
- (c) as to the information to accompany any application, or
- (d) as to the furnishing of declarations and other information by the applicant.

(2) This section does not authorise the decision-maker to grant or renew an authority in the case of an applicant who has failed to comply with such a requirement unless the decision-maker is satisfied that the failure is unlikely:

- (a) to adversely affect any person's rights under this Act or the regulations, or
- (b) to result in any person being deprived of information necessary for the effective exercise of those rights.

### **136 Gazetteal of certain matters**

As soon as practicable after:

- (a) an invitation for tenders for an authority is made or withdrawn, or
- (b) an application for an authority, for the renewal of an authority or for approval of the transfer of an authority is made, withdrawn or refused, or
- (b1) a request for the cancellation of an authority is made, or
- (c) an authority is granted, renewed, transferred or cancelled,

the Director-General is to cause notice of that fact to be published in the Gazette.

### **137 Limitation of challenges to decisions with respect to authorities**

- (1) The cancellation of an authority, or the grant or refusal of an application for an authority or the renewal or approval of the transfer of an authority, cannot be challenged in any legal proceedings commenced later than 3 months after the date on which notice of the cancellation, grant or refusal is published in the Gazette.
- (2) A notice lodged under section 130 cannot be challenged in any legal proceedings commenced later than one month after the date on which notice of its lodgment is published in the Gazette.
- (3) This section has effect despite any other Act, but does not apply so as to affect:
  - (a) any appeal from proceedings commenced within the period of 3 months referred to in subsection (1) or, in the case of proceedings relating to a notice referred to in subsection (2), the month referred to in subsection (2), or
  - (b) the operation of section 128.

## **Division 2 – Access arrangements for prospecting titles**

### **138 Application of Division**

- (1) This Division applies to the carrying out of prospecting operations under exploration licences and assessment leases (referred to in this Division as "**prospecting titles**") on any land.
- (2) However, this Division does not apply so as to require an access arrangement in respect of a landholder who is a native title holder if the prospecting title concerned was granted or renewed after compliance with Subdivision P of Division 3 of Part 2 of the Commonwealth Native Title Act and the grant or renewal of the title was not an act that attracted the expedited procedure under and within the meaning of that Subdivision. In addition, this Division does not apply if the prospecting title concerned was granted or renewed after compliance with a registered indigenous land use agreement under that Act and the agreement provides that an access arrangement is not required under this Division in respect of such a landholder.
- (3) This Division applies, in the case of a prospecting title that is a low-impact exploration licence, as though a reference in this Division to a landholder included a reference to:

- (a) any registered native title body corporate, and
  - (b) any registered native title claimant,
- in relation to the land over which the licence is granted.

Section 32F imposes a condition on low-impact exploration licences that requires an access arrangement to be entered into under this Division between the holder of the licence and each registered native title body corporate and registered native title claimant.

### **139 Arbitration Panel**

- (1) There is to be an Arbitration Panel.
- (2) The Arbitration Panel is to consist of one or more members appointed by the Minister after consultation with the Minister for Aboriginal Affairs and the Minister for Agriculture.
- (3) The conditions on which a member of the Arbitration Panel holds office (including conditions relating to remuneration and travelling and subsistence allowances) are to be as determined by the Minister.

### **140 Prospecting to be carried out in accordance with access arrangement**

- (1) The holder of a prospecting title must not carry out prospecting operations on any particular area of land except in accordance with an access arrangement or arrangements applying to that area of land:
  - (a) agreed (in writing) between the holder of the prospecting title and each landholder of that area of land, or
  - (b) determined by an arbitrator in accordance with this Division.
- (2) Separate access arrangements may (but need not) be agreed or determined with different landholders of the same area of land, for different areas of the same landholding or with respect to the different matters to which access arrangements relate.
- (3) Separate access arrangements may be made to preserve the confidentiality of provisions of the arrangements, to deal with persons becoming landholders at different times or for any other reason.

### **141 Matters for which access arrangement to provide**

- (1) An access arrangement may make provision for or with respect to the following matters:
  - (a) the periods during which the holder of the prospecting title is to be permitted access to the land,
  - (b) the parts of the land in or on which the holder of the prospecting title may prospect and the means by which the holder may gain access to those parts of the land,
  - (c) the kinds of prospecting operations that may be carried out in or on the land,
  - (d) the conditions to be observed by the holder of the prospecting title when prospecting in or on the land,
  - (e) (Repealed)
  - (f) the compensation to be paid to any landholder of the land as a consequence of the holder of the prospecting title carrying out prospecting operations in or on the land,
  - (g) the manner of resolving any dispute arising in connection with the arrangement,
  - (h) the manner of varying the arrangement,
  - (i) the notification to the holder of the prospecting title of particulars of any person who becomes an additional landholder.
- (1A) The Director-General may, with the concurrence of the NSW Farmers Association and the NSW Minerals Council, publish templates for use for standard access arrangements. The use of any such template is not mandatory.
- (2) An access arrangement that is determined by an arbitrator must specify the

compensation, as assessed by the arbitrator, to which each landholder of the land concerned is entitled under Division 1 of Part 13.

(2A) An access arrangement must (if the landholder so requests) specify that the holder of the prospecting title is required to pay the reasonable legal costs of the landholder in obtaining initial advice about the making of the arrangement. Those costs are not to exceed the maximum amount set by the Director-General, with the concurrence of the NSW Farmers Association and the NSW Minerals Council, by order published in the Gazette.

(3) In the event of an inconsistency between:

- (a) a provision of an access arrangement, and
- (b) a provision of this Act, of the regulations or of a condition of a prospecting title,

the provision referred to in paragraph (b) prevails.

(4) If the holder of a prospecting title contravenes an access arrangement, a landholder of the land concerned may deny the holder access to the land until:

- (a) the holder ceases the contravention, or
- (b) the contravention is remedied to the reasonable satisfaction of, or in the manner directed by, an arbitrator appointed by the Director-General.

The Director-General is to make such an appointment within 48 hours after being requested to do so by the landholder and the arbitrator is to deal with the matter within 5 business days of the appointment. If the arbitrator does not deal with the matter within that time, the landholder may deny the holder of the prospecting title access to the land until such time as the matter is determined by the arbitrator.

(5) Subsection (4) does not affect any proceedings that may be brought against the holder of the prospecting title in respect of the contravention of the access arrangement.

#### **142 Holder of prospecting title to seek access arrangement**

(1) The holder of a prospecting title may, by written notice served on each landholder of the land concerned, give notice of the holder's intention to obtain an access arrangement in respect of the land.

(2) The notice of the holder's intention to obtain an access arrangement must, in addition to stating the holder's intention, contain:

- (a) a plan and description of the area of land over which the access is sought sufficient to enable the ready identification of that area, and
- (b) a description of the prospecting methods intended to be used in that area.

(3) The holder of a prospecting title and a landholder of the land concerned may agree in writing (either before or after the prospecting title is granted) on an access arrangement.

(4) If some but not all of the landholders of any particular land have agreed to an access arrangement, a reference in sections 143-156 to each landholder of the land or to a party to the hearing before an arbitrator does not include a reference to any of those landholders who has agreed to an access arrangement. However, the arbitrator may allow a landholder who has agreed to an access arrangement to become a party to the hearing of the matter in order to ensure consistency in the access arrangements over the same land, and may, for that purpose, replace the agreed access arrangement with the access arrangement determined by the arbitrator.

(5) In this section, a reference to the holder of a prospecting title includes a reference to the proposed holder of a prospecting title.

#### **142A Notice to mortgagees of making of access arrangements**

(1) Within 14 days after an access arrangement is agreed between a landholder and the holder of a prospecting title, the holder is to serve notice of the making of the arrangement on each person (other than that landholder) who is identified in any register or record kept by the Registrar-General as a person having an interest as mortgagee in the land concerned.

- (2) Notice is not required to be served on a mortgagee under this section:
- (a) if the mortgagee has been given a copy of the written notice referred to in section 142 to the landholder of the intention to obtain the access arrangement, or
  - (b) if the landholder with whom the access arrangement was made is not the mortgagor.
- (3) If notice is required to be served on a mortgagee under this section, the access arrangement does not come into force until the end of the period of 14 days after the notice is served, unless the holder of the prospecting title has reasonable cause to believe that the mortgagee is not a mortgagee in possession of the land concerned.
- (4) The requirement imposed by this section on the holder of a prospecting title is taken to be a condition of the prospecting title.
- (5) This section applies only to access arrangements made after the commencement of this section.

If the person is a mortgagee in possession of the land, an access arrangement with that person is also required under section 140 before prospecting operations may be carried out on the land.

### **143 Appointment of arbitrator by agreement**

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in writing on each landholder of the holder's intention to obtain an access arrangement, the holder and each landholder have been unable to agree on such an arrangement, the holder may, by further notice in writing served on each landholder, request them to agree to the appointment of an arbitrator.
- (2) The holder of a prospecting title and each landholder of the land concerned may agree to the appointment of any person as an arbitrator.

### **144 Appointment of arbitrator in default of agreement**

- (1) If, by the end of 28 days after the holder of a prospecting title serves notice in accordance with section 143, the holder and each landholder of the land concerned have been unable to agree on the appointment of an arbitrator, then any one of them may apply to the Director-General for the appointment of a member of the Arbitration Panel as an arbitrator.
- (2) An application must be accompanied by the application fee prescribed by the regulations.
- (3) The Director-General is to appoint a member of the Arbitration Panel as an arbitrator.

### **145 Arbitration**

- (1) As soon as practicable after having been appointed, an arbitrator:
- (a) must fix a time and place for conducting a hearing into the question of access to the land concerned, and
  - (b) must cause notice of his or her appointment, and of the time and place fixed for conducting the hearing, to be given to the holder of the prospecting title and to each landholder.
- (2) The arbitrator may, by a further notice served on the holder of the prospecting title and on each landholder, vary the time or place fixed for conducting the hearing.
- (3) The arbitrator must, at the time and place fixed under this section, conduct a hearing into the question of access to the land concerned.

### **146 Right of appearance**

- (1) At any hearing into the question of access to any land by the holder of a prospecting title, the holder and each landholder are entitled to appear and be heard.
- (2) A party to a hearing may be represented:
- (a) by an agent who is not an Australian legal practitioner, or
  - (b) with the agreement of the parties and the leave of the arbitrator, by an Australian legal practitioner.

### **147 Conciliation**

- (1) An arbitrator is not to make a determination until the arbitrator has used his or her best endeavours to bring the parties to a settlement acceptable to all of them.
- (2) If the parties come to such a settlement, the arbitrator must make a determination that gives effect to the terms of the settlement.

#### **148 Procedure**

- (1) Except as otherwise provided by this Act or the regulations, the procedure at a hearing is to be as determined by the arbitrator.
- (2) An arbitrator must act according to equity, good conscience and the substantial merits of the case without regard to technicalities or legal forms.
- (3) An arbitrator may conduct a hearing even though one or more of the parties to the hearing fails to attend the hearing.

#### **149 Interim determination by arbitrator**

- (1) As soon as practicable after concluding a hearing, an arbitrator:
  - (a) must make an interim determination as to whether or not the holder of the prospecting title should have a right of access to the land concerned, and
  - (b) if the arbitrator determines that the holder of the prospecting title should have such a right of access, must prepare a draft access arrangement in respect of that land.
- (2) As soon as practicable after making an interim determination, the arbitrator:
  - (a) must reduce the determination to writing, and
  - (b) must cause a copy of the determination, together with a copy of any draft access arrangement, to be served on each of the parties to the hearing.

#### **150 Further arbitration**

- (1) A party to a hearing may, within 14 days after being served with a copy of the arbitrator's interim determination, apply to the arbitrator:
  - (a) for reconsideration of the question of access to the land concerned, or
  - (b) for variation of any draft access arrangement prepared by the arbitrator in respect of that land.

- (3) The arbitrator may, by a further notice served on the holder of the prospecting title and on each landholder of the land concerned, vary the time or place fixed for continuing the hearing.
- (4) The arbitrator must, at the time and place fixed under this section, continue the hearing into the question of access to the land concerned.

#### **151 Final determination by arbitrator**

- (1) If an application is not made to the arbitrator within the period of 14 days referred to in section 150 (1):
  - (a) the interim determination is taken to be the arbitrator's final determination, and
  - (b) any draft access arrangement is taken to be a final access arrangement.
- (2) If an application is made to the arbitrator within the period of 14 days referred to in section 150 (1), the arbitrator, as soon as practicable after concluding the continued hearing:
  - (a) must make a final determination as to whether or not the holder of the prospecting title should have a right of access to the land concerned, and
  - (b) if the arbitrator determines that the holder of the prospecting title should have such a right of access, must determine a final access arrangement in respect of that land.
- (3) As soon as practicable after making a final determination, the arbitrator:

- (a) must reduce the determination to writing, and

No proceedings lie against an arbitrator for or with respect to:

- (a) any determination made by the arbitrator, or
- (b) any publication made by the arbitrator, or

## **155 Review of determination**

- (1) A party to a hearing who is aggrieved by an arbitrator's final determination (other than a determination referred to in section 147 (2)) may apply to the Land and Environment Court for a review of the determination.
- (2) An application:
  - (a) must be accompanied by a copy of the determination to which it relates, together with a copy of any access arrangement forming part of the determination, and
  - (b) must be filed in the Land and Environment Court:
    - (i) in the case of an interim determination that has become a final determination--within 28 days after a copy of the interim determination was served on the applicant, or
    - (ii) in the case of a final determination--within 14 days after a copy of the final determination was served on the applicant.
- (3) An application for review may not be made:
  - (a) during the period of 14 days within which an application may be made to an arbitrator, or
  - (b) if such an application is made, until the arbitrator has made a final determination with respect to the application.
- (4) The applicant must cause a copy of the application to be served on each of the other parties to the determination to which the application relates.
- (5) Subject to any order of the Land and Environment Court to the contrary, an application for review of a determination operates to stay the effect of any related access arrangement in relation to a party to the arrangement from the time when a copy of the arrangement has been served on the party until the decision of the Land and Environment Court on the review.

(6) In reviewing a determination under this section, the Land and Environment Court has the functions of an arbitrator under this Division in addition to its other functions.

(6A) A review of a determination is to be by way of rehearing, and fresh material or material in addition to, or in substitution for, the material considered on the making of the determination by the arbitrator may be given on the review and taken into consideration by the Land and Environment Court.

#### **156 Effect of access arrangement etc**

An access arrangement determined by an arbitrator:

(i) in the case of a draft access arrangement that is taken to be a final access arrangement--at the end of the period of 14 days after a copy of the draft access arrangement has been served on each of the parties, or

(ii) in the case of a final access arrangement prepared under section 151--when a copy of the arrangement has been served on each of the parties,

or on such later date as may be specified in the arrangement, and

#### **158 Change in landholders etc**

(1) An access arrangement with 2 or more landholders does not terminate because one of those landholders ceases to be a landholder of the land concerned.

(2) An access arrangement does not terminate because a person becomes a landholder of all or any part of the land concerned after the arrangement was agreed or determined.

(3) An access arrangement does not run with the land, and accordingly a person does not (except as provided by this section) become a party to the access arrangement merely because the person becomes a landholder of any of the land after the access arrangement was agreed or determined.

(4) If, after an access arrangement has been agreed or determined, a person becomes a landholder of any of the land to which the arrangement applies in addition to another landholder who continues to be a party to the arrangement, the provisions of the arrangement (other than those relating to the payment of compensation) apply to the new landholder as if the new landholder were a party to the arrangement, but only if the holder of the prospecting title concerned has given the new landholder a copy of the access arrangement.

(5) If the new landholder objects to the access arrangement within 28 days after being given a copy of the arrangement, the access arrangement ceases to apply to the new landholder when whichever of the following first happens:

(a) the new landholder agrees to an access arrangement with the holder of the prospecting title concerned in accordance with this Division,

- (b) an arbitrator is appointed and determines an access arrangement in relation to the new landholder in accordance with this Division,
- (c) at the end of the period of 60 days after the new landholder objects, an access arrangement has not been so agreed or determined.

However, if an arbitrator is appointed or an application for review of a determination of the arbitrator is made, the arbitrator or the Land and Environment Court (as the case requires) may continue the existing access arrangement (with or without variation) until the determination of the arbitration or review.

(6) Nothing in this section prevents an access arrangement being agreed or determined in respect of a proposed new landholder.

### **175 Special conditions**

(1) The Minister may, by order published in the Gazette, specify the conditions that are to apply to mineral claims granted over land within any specified mineral claims district. For orders under this subsection see Gazettes No 101 of 20.8.1992, pp 5950, 5954; No 56 of 8.4.1994, p 1556; No 97 of 23.8.1996, p 4889; No 28 of 21.3.1997, p 1601; No 67 of 28.3.2002, p 2065; No 59 of 7.3.2003, p 4038; No 87 of 21.5.2004, p 3116; No 58 of 3.4.2009, p 1588 and No 207 of 18.12.2009, p 6149.

- (1) Any person who, while in a mineral claims district, is found in or on any land the subject of a mineral claim held by some other person is guilty of an offence. Maximum penalty:

as the case requires, unless the Director-General makes a determination under subsection (4).

(4) The Director-General may determine that subsection (3) does not apply with respect to the land or to a part of the land if the Director-General is satisfied that having the land or that part subject to both the claim and the other authorisation concerned is not likely to make the exercise of rights under the claim or the other authorisation impracticable.

(a) on which, or within the prescribed distance of which, is situated a

except with the written consent of both the owner and the occupier of the dwelling-house.

(2B) Subsection (1) does not apply to land referred to in subsection (2A).

(3) A written consent given under this section is irrevocable.

- (1) An access management plan takes effect on the date on which notice of its registration is published under section 236J or on such later date as may be specified in the plan in that regard.
- (2) An access management plan does not apply to land within the claim area under a mineral claim, but does apply to land within an opal prospecting block.
- (3) An access management plan does not affect any right of way to which the holder of a small-scale title was entitled under section 211 or 235C immediately before the plan took effect, and does not affect any conditions imposed under section 211 or 235C on any such right of access.
- (4) Subsection (3) ceases to have effect in relation to a small-scale title when the small-scale title ceases to have effect, and is not continued by any renewal of the small-scale title.

(1B) However, a condition referred to in subsection (1A) may only be imposed at the request of the applicant for, or holder of, the authority or claim.

(2) The Minister or mining registrar may amend an authority or mineral claim:

- (a) that does not contain conditions of the kind that may be imposed under this Division, or

so as to include conditions or further conditions of that kind or so as to alter any such conditions.

(3) Any conditions of the kind referred to in subsection (1) (a) or (1A) are to be in a form approved by the Commissioner of the Soil Conservation Service and after consultation with the Director of National Parks and Wildlife.

  - (b) amend the Director-General's assessment, or
  - (c) set aside the Director-General's assessment and substitute a new assessment.
- (5) An assessment, or an amendment to an assessment, that is made by the Minister has the same effect as an assessment, or an amendment, made by the Director-General. However, the assessment or amendment is not reviewable under this section.
- (6) Any action taken by the Minister under this section does not affect:
- (a) the validity of any security deposit condition imposed or varied before the action was taken, or
  - (b) liability for an administrative levy that arose before that action was taken.
- (7) However, if the Minister makes a new assessment, or amends an assessment, the Minister may:
- (a) vary or, if the decision-maker is not the Minister, direct the decision-maker to vary, a security deposit condition in accordance with the assessment or amendment, and
  - (b) direct the Director-General to reassess any administrative levy payable for an affected authorisation, and for which liability arose before the Minister's assessment or amendment, in a manner that the Minister considers fair and reasonable.

The amount of the security deposit required in respect of an authorisation directly affects the administrative levy payable in respect of an authorisation under Part 14A. In general terms, the levy is one percent of the amount of the security deposit.

#### **261BF Minimum deposit**

- (1) The "**minimum deposit**" for an authorisation is the amount prescribed by the regulations as the minimum deposit in relation to the type of authorisation concerned.
- (2) A change to the minimum deposit for an authorisation does not affect the validity of a security deposit condition imposed or varied before the change takes effect.

## **261C Content of security deposit condition**

(1A) A security deposit condition may:

- (a) be in a standard form, being a form prescribed by the regulations, or
- (b) be in a form approved by the decision-maker.

(1) A security deposit condition (whether in a standard form or otherwise) may include requirements with respect to any one or more of the following matters:

- (a) (Repealed)
- (b) the form of the deposit,
- (c) the date by which the deposit is to be provided,
- (d) the manner in which the deposit is to be provided and maintained,
- (e) the provision of information or other material to the Director-General or the Minister that demonstrates that the condition is being complied with,
- (f) the provision of progress reports on work (and associated costs and expenses) for which the deposit is intended to provide security,
- (g) the independent auditing of any such work, costs and expenses,
- (h) (Repealed)

(2) A security deposit condition may require the holder of the authorisation to cause a security deposit that has been provided and maintained in relation to another authorisation to be extended to the firstmentioned authorisation.

(3) (Repealed)

(4) Nothing in this section limits the matters that may be included in a security deposit condition.

## **261D Form and amount of security deposit**

(1) A security deposit may be in (but is not limited to) any of the following forms:

- (a) a bank guarantee,
- (b) cash,
- (c) a bond,
- (d) another form (such as an insurance policy) that the decision-maker considers appropriate and specifies in the security deposit condition.

(2) (Repealed)

## **261E Security deposit can be taken to be provided for consolidated mining lease or multiple authorisations**

(1) A security deposit is taken to have been provided under a security deposit condition of a consolidated mining lease if:

- (a) a security deposit was provided in compliance with the conditions of one or more of the leases that were consolidated, and
- (b) the Minister notifies the holder of the consolidated mining lease that, because of the provision of the security deposit referred to in paragraph (a), a security deposit is taken to have been provided under the consolidated mining lease.

(2) A security deposit is taken to have been provided under a security deposit condition of an authorisation ("**the first authorisation**") held by a person if:

- (a) a security deposit was provided in compliance with the conditions of one or more other authorisations held by that person, and
- (b) the Minister notifies that person that, because of the provision of the security deposit referred to in paragraph (a), a security deposit is taken to have been provided under the first authorisation.

## **261F Claim on and use of security deposit**

(1) The Minister may make a claim on or realise a security deposit provided under a security deposit condition if:

- (a) the authorisation is cancelled or otherwise ceases to have effect and an obligation under the former authorisation remains unfulfilled, or
- (b) the holder of the authorisation has failed to comply with a direction under

section 240 that relates to the authorisation or to activities carried out under, or purportedly under, the authorisation.

(1A) The Minister may make a claim on or realise a security deposit for a failure to comply with a direction under section 240 even if the security deposit condition under which it was provided was imposed before the direction was given.

(2) Before making a claim on or realising a security deposit, the Minister must, if practicable, give written notice of the proposed action to the holder of the authorisation or, if the authorisation has been cancelled or has otherwise ceased to have effect, the former holder of the authorisation.

(3) The Minister may use money obtained under a security deposit:

(a) in the circumstances to which subsection (1) (a) refers--to recover or fund the costs or expenses that the Crown reasonably incurs in causing any obligation under the former authorisation to be fulfilled, or

(b) in the circumstances to which subsection (1) (b) refers--to recover or fund the reasonable costs or expenses of the Crown in giving effect to the direction under section 240.

(4) The Minister may invest money obtained under a security deposit in interest-bearing deposits in a bank.

(5) Any interest accruing on the money is to be paid into the Derelict Mine Sites Fund.

(6) Money obtained under a security deposit and used under subsection (3) is taken, for all purposes, to be forfeited to the Crown when it is so used.

(7) The functions of the Minister under this Part may be exercised with or without the benefit of a finding by a court or tribunal that the holder of the authorisation concerned has failed to comply with a direction under section 240 or failed to fulfil any obligation under the authorisation.

(8) In relation to a group security deposit, a reference in this section to the authorisation is a reference to any authorisation in respect of which the group security deposit is provided and maintained.

#### **261G Lapsing of security deposit requirement and return of money**

(1) Any money obtained under a security deposit that is not used under section 261F is to be paid (without interest) to the person who provided the deposit or, if that person is unable to be located despite reasonable endeavours, into the Derelict Mine Sites Fund.

(2) The requirement to maintain a security deposit lapses:

(a) in accordance with the terms of the security deposit condition, or

(b) if the condition does not deal with the lapsing of the requirement, when the Minister has determined that any requirements of the direction under section 240 or obligations under the authorisation (non-compliance with which would authorise a claim on or realisation of the deposit) have been fulfilled to a satisfactory extent and in a satisfactory manner.

(3) The Minister must, if practicable, give written notice of that determination to the holder of the authorisation.

#### **261H Security deposit not to affect other action**

Nothing in this Part affects:

(a) the liability of a person to any penalty for an offence in relation to a direction under section 240 or an obligation under an authorisation or any contravention to which the security deposit relates, or

(b) any other action that may be taken or is required to be taken in relation to any contravention or other circumstances to which the security deposit relates.

#### **261I Regulations in relation to security deposits**

The regulations may make provision for or with respect to the administration of money or other securities obtained by the Minister under a security deposit.

## Part 13 – Compensation

### Division 1 – Prospecting and mining

#### 262 Definition

In this Division:

**"compensable loss"** means loss caused, or likely to be caused, by:

- (a) damage to the surface of land, to crops, trees, grasses or other vegetation (including fruit and vegetables) or to buildings, structures or works, being damage which has been caused by or which may arise from prospecting or mining operations, or
- (b) deprivation of the possession or of the use of the surface of land or any part of the surface, or
- (c) severance of land from other land of the landholder, or
- (d) surface rights of way and easements, or
- (e) destruction or loss of, or injury to, disturbance of or interference with, stock, or
- (f) damage consequential on any matter referred to in paragraph (a)-(e),

but does not include loss that is compensable under the *Mine Subsidence Compensation Act 1961*.

**"landholder"** includes a secondary landholder.

#### 263 Compensation arising under exploration licence

- (1) On the granting of an exploration licence, a landholder of any land (whether or not subject to the licence) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the licence or by an access arrangement in respect of the licence.
- (2) The holder of an exploration licence may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.
- (3) Such of the provisions of an access arrangement (whether or not in writing) as relate to compensation have effect as an agreement for the purposes of this section.
- (4) Payment of compensation under this section (other than compensation payable under an access arrangement agreed on as referred to in section 140 (a)) is taken, for the purposes of any security given by the licensee, to be an obligation under the licence.

#### 264 Compensation arising under assessment lease

- (1) On the granting of an assessment lease, a landholder of any land (whether or not subject to the lease) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the lease or by an access arrangement in respect of the lease.
- (2) The holder of an assessment lease may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.
- (3) Such of the provisions of an access arrangement (whether or not in writing) as relate to compensation have effect as an agreement for the purposes of this section.
- (4) Payment of compensation under this section (other than compensation payable under an access arrangement agreed on as referred to in section 140 (a)) is taken, for the purposes of any security given by the lessee, to be an obligation under the lease.
- (5) If, immediately before the grant of an assessment lease any part of the assessment area was, or was in, an authorisation area and the subject of a valid agreement under this Division (an **"existing agreement"**), a valid agreement is taken to have been entered into

in relation to that part for the purpose of this section, if the holder of the assessment lease:

(a) was the holder of the authorisation immediately before the grant of the assessment lease, or

(b) is the assignee of the rights under the existing agreement.

(6) Subsection (5) ceases to apply to a part of an assessment area if a subsequent valid agreement is entered into, or the Land and Environment Court makes an assessment of compensation payable, in relation to that part.

## **265 Compensation arising under mining lease**

(1) On the granting of a mining lease, a landholder of any land (whether or not subject to the lease) becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the lease.

(2) The holder of a mining lease may agree with a landholder as to the amount of compensation payable, but an agreement reached is not valid unless it is in writing, signed by or on behalf of the parties to the agreement.

(3) If a valid agreement is not entered into under this section within such period as may be prescribed by the regulations, the holder of a mining lease, or a landholder of land, may apply to the Land and Environment Court to assess the amount of compensation payable, and the Court is to assess the compensation payable.

(4) The holder of a mining lease is not authorised to exercise any rights under the lease on the surface of any part of the mining area unless the amount of any compensation payable to a landholder under subsection (1) in respect of that part of the mining area is the subject of a valid agreement or of an assessment made by the Land and Environment Court.

(5) If, immediately before the grant of a mining lease any part of the mining area was, or was in, an authorisation area and the subject of a valid agreement under this Division (an "**existing agreement**"), a valid agreement is taken to have been entered into in relation to that part for the purpose of this section, if the holder of the mining lease:

(a) was the holder of the authorisation immediately before the grant of the mining lease, or

(b) is the assignee of the rights under the existing agreement.

(6) Subsection (5) ceases to apply to a part of a mining area if a subsequent valid agreement is entered into, or the Land and Environment Court makes an assessment of compensation payable, in relation to that part.

## **266 Compensation arising under mineral claim**

(1) On the granting of a mineral claim, a landholder becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the claim.

(2) The compensation payable under this section consists of:

(a) such amounts as may be determined by agreement between the holder of the mineral claim and any landholder (other than a landholder referred to in subsection (5)), and

(b) such amounts as, in default of such an agreement, may be assessed by the Land and Environment Court on application made by the holder of the mineral claim or any landholder (other than a landholder referred to in subsection (5)), and

(c) such amounts as may be payable according to an order referred to in subsection (5).

(3) Instead of assessing compensation in relation to a particular mineral claim, the Land and Environment Court may assess compensation in relation to:

(a) all mineral claims within a mining division, or

(b) any particular group of mineral claims within a mining division,

and, in that event, may assess compensation as a fixed amount per mineral claim or as an

amount per mineral claim to be calculated at a fixed rate.

(4) The holder of a mineral claim must not exercise any right conferred by the claim unless:

- (a) the holder has served notice of the holder's intention to exercise such rights on any person entitled to compensation under this section, and
- (b) in respect of every landholder (other than a landholder referred to in subsection (5)):
  - (i) there is in place an agreement referred to in subsection (2) (a), or
  - (ii) any amounts referred to in subsection (2) (a) and (b) have been paid into the Land and Environment Court or to the person entitled to them, and
- (c) the holder has paid into the Land and Environment Court the amount (if any) prescribed by or determined in accordance with the regulations.

(5) An amount paid into court as referred to in subsection (4) (c) is to be held by the court for payment of compensation, at the order of the court, to any landholder who (whether because he or she could not then be identified, or for any other reason) could not, at the time the holder of the mineral claim began to exercise any rights under the claim, establish an entitlement to compensation under this section, but who subsequently does so.

(6) Section 274 applies to an amount paid as referred to in subsection (4) (c):

- (a) as if it were an amount assessed by the Land and Environment Court, and
- (b) as if the reference, in section 274 (2), to the expiration of 6 months were a reference to the expiration of 5 years, and
- (c) as if a reference, in section 274 (2) or (3), to the expiration of 12 months were a reference to the expiration of 5 years and 6 months.

## **267 Compensation arising under opal prospecting licence**

(1) On the granting of an opal prospecting licence, a landholder becomes entitled to compensation for any compensable loss suffered, or likely to be suffered, by the landholder as a result of the exercise of the rights conferred by the licence.

(2) The compensation payable under this section consists of:

- (a) such amounts as may be determined by agreement between the holder of the opal prospecting licence and any landholder (other than a landholder referred to in subsection (5)), and
- (b) such amounts as, in default of such an agreement, may be assessed by the Land and Environment Court on application made by the holder of the opal prospecting licence or any landholder (other than a landholder referred to in subsection (5)), and
- (c) such amounts as may be payable according to an order referred to in subsection (5).

(3) Instead of assessing compensation in relation to a particular opal prospecting licence, the Land and Environment Court may assess compensation in relation to:

- (a) all opal prospecting licences within a mining division, or
- (b) any particular group of opal prospecting licences within a mining division,

and, in that event, may assess compensation as a fixed amount per licence or as an amount per licence to be calculated at a fixed rate.

(4) The holder of an opal prospecting licence must not exercise any right conferred by the licence unless:

- (a) the holder has served notice of the holder's intention to exercise such rights on any person entitled to compensation under this section, and
- (b) in respect of every landholder (other than a landholder referred to in subsection (5)):
  - (i) there is in place an agreement referred to in subsection (2) (a), or
  - (ii) any amounts referred to in subsection (2) (a) and (b) have been paid

into the Land and Environment Court or to the person entitled to them, and  
(c) the holder has paid into the Land and Environment Court the amount (if any) prescribed by or determined in accordance with the regulations.

(5) An amount paid into court as referred to in subsection (4) (c) is to be held by the court for payment of compensation, at the order of the court, to any landholder who (whether because he or she could not then be identified, or for any other reason) could not, at the time the holder of the opal prospecting licence began to exercise any rights under the licence, establish an entitlement to compensation under this section, but who subsequently does so.

(6) Section 274 applies to an amount paid as referred to in subsection (4) (c):

(a) as if it were an amount assessed by the Land and Environment Court, and

(b) as if the reference, in section 274 (2), to the expiration of 6 months were a reference to the expiration of 5 years, and

(c) as if a reference, in section 274 (2) or (3), to the expiration of 12 months were a reference to the expiration of 5 years and 6 months.

## **267A Effect of determination and payment of compensation under provisions of Commonwealth Native Title Act**

(1) If, between the Government party, an applicant for an exploration licence, assessment lease, mining lease, mineral claim or opal prospecting licence as a grantee party and a native title party, compensation is agreed on or determined under Subdivision M or P of Division 3 of Part 2 of the Commonwealth Native Title Act, the compensation so agreed on or determined is taken:

(a) to be validly agreed on or assessed for the purposes of whichever is relevant of section 263, 264, 265, 266 or 267 as if the applicant for the exploration licence, assessment lease, mining lease, mineral claim or opal prospecting licence as the grantee party was the holder under this Act of the licence, lease or claim concerned and the native title party was the landholder of the land concerned, and

(b) to be paid under and for the purposes of whichever is relevant of those sections when it is paid in accordance with section 52 of the Commonwealth Native Title Act.

(2) In this section, "**Government party**", "**grantee party**" and "**native title party**" have the same meanings as they have in the Commonwealth Native Title Act.

## **268 Compensation payable on transfer of certain authorities etc**

If an authority or mineral claim over any land is transferred from a person who is a landholder of the land to a person who is not a landholder of the land, the provisions of this Act relating to compensation apply to the person to whom the authority or claim is transferred.

## **Division 2 – Environmental assessment**

### **269 Definitions**

In this Division:

"**compensable loss**" means loss caused, or likely to be caused, by:

(a) interference with the use of land, or

(b) damage to land, to any crops, trees, grasses or other vegetation on the land or to any buildings, structures and works on the land, or

(c) damage consequential on any matter referred to in paragraph (a) or (b),

but does not include loss that is compensable under the *Mine Subsidence Compensation Act 1961*.

"**environmental assessment permit**" means a permit granted under section 252.

**"landholder"** includes a secondary landholder.

### **270 Compensation arising under environmental assessment permit**

- (1) If the holder of an environmental assessment permit enters any land under the authority of the permit, landholders become entitled to compensation from the holder of the permit for any compensable loss they suffer as a result of the exercise of the rights conferred by the permit.
- (2) The amount of compensation payable under this section is such amount as may be assessed by the Land and Environment Court on the application of the holder of the environmental assessment permit, the Crown or the landholder concerned.
- (3) Nothing in this section affects any remedy available to any person whose lands are entered pursuant to a power conferred by or under Part 12.

### **Division 3 – Procedure for assessing compensation**

#### **271 Definitions**

In this Division:

**"compensable loss"**, in relation to the assessment of compensation payable under Division 1 or 2, has the same meaning as it has in that Division.

**"landholder"** includes a secondary landholder.

#### **272 Assessment of compensation**

- (1) The assessment of compensation payable under this Part:
  - (a) must be made in the manner prescribed by the regulations, and
  - (b) must not be made until notice in the approved form:
    - (i) has been published in a newspaper circulating generally in the State and in one or more newspapers circulating in the locality in which the land concerned is situated, or
    - (ii) has been served on each person who appears to the Land and Environment Court to be interested in the assessment, and
  - (c) must not exceed in amount the market value (for other than mining purposes) of the land and the buildings, structures and works situated on the land.
- (2) Any compensation agreed on or determined under Subdivision M or P of Division 3 or Division 5 of Part 2 of the Commonwealth Native Title Act for essentially the same act as an act in respect of which compensation is to be assessed under this Part must be taken into account in the assessment of compensation for the act under this Part.

#### **273 Payment into court**

The total amount of compensation assessed under this Division is to be paid into the Land and Environment Court at such times, and in respect of such periods, as is specified in the order of assessment.

#### **274 Payment out of court**

- (1) As compensable loss occurs, money held in the Land and Environment Court by way of compensation is to be paid out of court, on the application of any person entitled to the compensation, in accordance with the agreement or order under which it is payable.
- (2) If, after the expiration of 6 months, and before the expiration of 12 months, from the date on which the authorisation concerned ceases to have effect, the whole or any part of an amount paid into court under this section has neither been paid out nor ordered to be paid out, the person who paid the amount into court may apply to the Land and Environment Court for payment out to that person of the whole or any part of that amount, and the Court may order the payment to be made.
- (3) If, after the expiration of 12 months from the date on which the authorisation

concerned ceases to have effect, the whole or any part of an amount paid into court under this section has neither been paid out nor ordered to be paid out, the Land and Environment Court may cause the whole or any part of that amount to be paid into the Treasury for payment into the Consolidated Fund.

### **275 Procedure for making assessment**

In making an assessment of compensation under this Division, the Land and Environment Court:

- (a) may make the assessment at any time and at any place, and
- (b) may make the assessment in the absence of any person who appears to be interested in the assessment, if the Court is satisfied that the person has been served with a notice in accordance with this Part, and
- (c) may adjourn the hearing of the matter to any time and any place, subject to such terms as to costs or otherwise as the Court thinks fit.

### **276 Additional assessment**

(1) If, after an assessment of compensation has been made, it is proved to the satisfaction of the Land and Environment Court:

- (a) that the whole of the amount paid into court under this Part has been duly paid out, and
- (b) that further compensable loss has been caused, or is likely to be caused, in respect of the land to which the assessment relates, or to other land,

the Court must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

(2) If it is proved to the satisfaction of the Land and Environment Court:

- (a) that an access arrangement does not make provision for or with respect to compensation, and
- (b) that compensable loss has been caused, or is likely to be caused, in respect of the land to which the arrangement relates,

the Court must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

(3) If it is proved to the satisfaction of the Land and Environment Court:

- (a) that the whole of the amount assessed by or in accordance with an access arrangement determined by an arbitrator as referred to in section 140 (1) (b) has been paid in accordance with the arrangement, and
- (b) that further compensable loss has been caused, or is likely to be caused, in respect of the land to which the assessment relates or to other land,

the Court must, on the application of any of the parties concerned, assess that loss and order that the amount so assessed be paid by the holder of the authorisation to which the assessment relates, within the time and to the persons specified in the order.

(4) The Land and Environment Court's decision on such an application has effect as an assessment of compensation under this Division.

(5) In making an assessment of compensation, the Land and Environment Court must have regard to:

- (a) any previous compensation agreement between the parties under this Division, and
- (b) any current or previous access arrangement between the parties that was determined, or taken to have been determined, by an arbitrator under Part 8, and
- (c) any previous assessment under this Division of compensation payable to the landholder,

with respect to the land to which the current assessment relates.

### **277 Directions to furnish names and addresses**

(1) If the Land and Environment Court considers that a landholder of any land may be entitled to compensation under this Part, the Court may, by instrument in writing served on the holder of the authorisation concerned, direct the holder to notify the Court of the name and address of the landholder.

(2) An instrument served under this section must specify a date on or before which compliance with the direction contained in the instrument is required.

## **278 Appeals**

(1) The provisions of Division 3 of Part 15 apply to and in respect of an assessment made by the Land and Environment Court under this Part, and to and in respect of a person dissatisfied with such an assessment, as if the assessment were a decision of the Land and Environment Court and the person were a party to a complaint or proceeding dissatisfied with the decision.

(2) No appeal lies against an assessment of compensation made in relation to a particular class of mineral claims or opal prospecting licences.

(3) Subsection (2) does not prevent an appeal being made against an assessment of further compensation under section 276 merely because the original compensation was payable under an assessment of compensation made in relation to a particular class of mineral claims or opal prospecting licences.

## **Division 4 – Consolidated mining leases**

### **279 Compensation not payable on consolidation**

(1) Compensation is not payable under this Part in respect of the grant of a consolidated mining lease.

(2) Any compensation to which a person is entitled under this Part in respect of the grant of an existing lease that is consolidated under Part 6 is to be assessed or agreed on and paid as if the existing lease had not been consolidated.

### **280 Compensation already due not affected by consolidation**

(1) Except as provided by this Division, any compensation assessed, agreed on or paid under this Part in respect of an existing lease that is consolidated under Part 6 is not affected by the consolidation of the existing lease and is to be dealt with as if the existing lease had not been consolidated.

(2) If any compensation is paid into court under this Part in respect of an existing lease that is consolidated under Part 6, the date on which the existing lease ceases to have effect is taken, for the purposes of this Part, to be the date on which the consolidated mining lease ceases to have effect.

### **281 Compensation for further loss**

(1) If:

(a) compensation has been assessed or agreed on under this Part in respect of an existing lease that is consolidated under Part 6, and

(b) the date of expiry of the consolidated mining lease is later than the date on which the existing lease would have expired if it had not been consolidated, and

(c) it is proved to the satisfaction of the Land and Environment Court that:

(i) further loss has been caused in respect of the land to which the assessment or agreement related, or in respect of other land, after the date on which the existing lease would have so expired, being compensable loss within the meaning of Division 1, and

(ii) in the case of an assessment, the whole of the amount paid into court pursuant to this Part has been duly paid out,

the Court is to assess the loss in accordance with Division 3 and order that the amount so assessed be paid by the holder of the consolidated mining lease to which the assessment relates, within the time and to the persons specified in the order.

(2) The provisions of section 276 have effect with respect to a consolidated mining lease even though the assessment referred to in that section relates to an existing lease that has

been consolidated under Part 6.

## **Division 5 – Native title compensation payable by holders of authorities**

### **281A Application of Division**

This Division applies to the grant, renewal or variation of an authority under this Act after the commencement of this Division.

### **281B Compensation payable by holders of authority**

If compensation is payable under section 24MD or 24NA of the Commonwealth Native Title Act in respect of an act to which this Division applies that is attributable to the State, the holder of the authority concerned at the time of the grant, renewal or variation is declared, in accordance with section 24MD (4) (b) (i) or 24NA (as the case requires) of that Act, to be liable to pay the compensation.

## **Part 14 – Royalty**

### **Division 1 – Publicly owned minerals**

#### **282 Liability to pay royalty--publicly owned minerals**

(1) The holder of a mining lease is liable to pay royalty to the Minister on publicly owned minerals recovered by the holder under the lease.

(1A) The holder of a mining sublease is liable to pay royalty to the Minister on publicly owned minerals recovered from the sublease area.

(1B) Despite subsection (1), the holder of a mining lease remains liable to pay royalty on publicly owned minerals recovered from a sublease area only to the extent that the royalty has not been paid by the holder of the sublease.

(2) Royalty that is payable to the Minister under a condition of a mining lease (being a condition of the kind referred to in section 70 (4)) is payable in addition to, and not instead of, royalty payable under this Division.

#### **283 Rate of royalty**

(1) Royalty on a publicly owned mineral is payable under this Division:

- (a) at the base rate prescribed by the regulations in respect of that mineral, and
- (b) if the regulations so provide--at the additional rate prescribed by the regulations in respect of that mineral.

(2) Royalty under this Division is payable on a publicly owned mineral at the rate or rates applicable as at the time the material from which it is recovered is extracted from the land.

(3) A rate of royalty prescribed for the purposes of this Division may be prescribed:

- (a) as a percentage of the value of minerals recovered from the land, or
- (b) as an amount payable on the basis of any specified measurement of minerals recovered from the land, or
- (c) by reference to such other matters as the Minister determines.

(4) The quantity of minerals recovered is to be calculated (whether by volume or by weight) in the manner prescribed by the regulations.

(5) The value of minerals recovered is to be calculated (whether by volume or by weight) in the manner determined by the Minister.

### **Division 2 – Privately owned minerals**

#### **284 Liability to pay royalty--privately owned minerals**

(1) The holder of a mining lease is liable to pay royalty to the Minister on privately owned minerals recovered from the mining area as if those minerals were publicly owned.

(1A) The holder of a mining sublease is liable to pay royalty to the Minister on privately owned minerals recovered from the sublease area as if those minerals were publicly owned.

(1B) Despite subsection (1), the holder of a mining lease remains liable to pay royalty on privately owned minerals recovered from a sublease area only to the extent that the royalty has not been paid by the sublessee.

(2) If royalty (including any interest on royalty) is paid to or recovered by the Minister in respect of a privately owned mineral, the Minister is to pay:

(a) seven-eighths of the amount so paid or recovered to the owner of the mineral, and

(b) one-eighth of the amount so paid or recovered to the Treasurer for payment into the Consolidated Fund.

(3) This section does not apply to a mining (mineral owner) lease.

### **285 Rate of royalty**

Royalty is payable under this Division:

(a) except as provided by paragraph (b)--at the base rate prescribed under section 283 (1)

(a) in respect of the mineral concerned, or

(b) in the case of a mineral other than coal--at such other rate as may be agreed on between the holder of the mineral claim or authority concerned and the owner of the mineral.

## **Division 3 – Petroleum**

### **286 Royalty payable on petroleum recovered under mining lease for coal**

(1) The holder of a mining lease for coal who recovers petroleum from a mining area by virtue of the fact that, under section 78, petroleum is included in the lease is liable to pay royalty to the Minister on the petroleum recovered.

(2) The amount payable as royalty under this Division in respect of petroleum is the rate prescribed for the purposes of this Division by or under the *Petroleum (Onshore) Act 1991*.

(3) Royalty under this Division is payable on petroleum at the rate or rates applicable as at the time the petroleum is recovered from the land.

(4) This section does not apply to methane recovered in conjunction with coal mining operations.

## **Division 3A – Coal reject**

### **286A Definition of coal reject**

In this Division:

"**coal reject**" means the by-product of the mining or processing of coal that contains a mixture of coal and other substances (such as shale) and has either an energy value (the maximum energy capable of being produced by it on combustion) of less than 16 gigajoules per tonne (dry weight) or contains more than 35 per cent ash (by dry weight).

### **286B Royalty on coal in coal reject**

(1) Royalty is not payable on the coal in coal reject recovered under a mining lease until the coal reject is used or disposed of.

(2) The holder of a mining lease is liable to pay royalty under this Division to the Minister on the coal in coal reject recovered under the lease if the holder uses the coal reject in producing energy or disposes of it for use in producing energy.

(3) If royalty is payable under this Division on the coal in coal reject, Division 1 does not apply to that coal.

### **286C Rate of royalty**

(1) Royalty on the coal in coal reject recovered under a mining lease is payable under this Division at the rate determined from time to time by the Minister, with the concurrence of the Treasurer, in respect of the lease or the class of leases concerned.

(2) The rate of royalty on the coal in coal reject may be a zero rate or may be any other

rate up to, but not exceeding, half the base rate of royalty prescribed from time to time in respect of coal under section 283 (1) (a).

(3) In determining the rate of royalty the Minister is to have regard to:

- (a) the energy value of the coal reject, and
- (b) the costs associated with extracting, transporting or processing the coal reject for the purposes of use or disposal, and
- (c) such other matters as the Minister considers appropriate.

(4) Royalty under this Division is payable on the coal in coal reject at the rate applicable:

- (a) at the time the coal reject is used by the holder of the relevant mining lease in producing energy, or
- (b) at the time the coal reject is disposed of by that holder for use in producing energy.

(5) Royalty required to be calculated on the basis of the weight of coal is to be calculated by reference to dry weight.

## **286D Evidentiary matters**

(1) The energy value and ash content of the by-product of the mining or processing of coal recovered under a particular mining lease is to be determined, in the manner directed by the Minister, on the basis of the average energy value and average ash content of that by-product.

(2) The Minister may by determination in writing determine any of the following:

- (a) that the by-product, or any identifiable quantity of the by-product, of the mining or processing of coal recovered under a particular mining lease is coal reject,
- (b) the amount of coal in the coal reject recovered under a particular mining lease or the amount of coal in any identifiable quantity of that coal reject,
- (c) that the coal reject, or any identifiable quantity of the coal reject, recovered under a particular mining lease and used or disposed of by the holder of the lease has been used by the holder in producing energy or disposed of by the holder for use in producing energy.

(3) The Minister's determination is evidence of the matter determined.

(4) A determination under subsection (2) (a) or (b) is not open to dispute or challenge on the basis that the determination is not correct or accurate for any particular sample or quantity of the material concerned.

## **Division 4 – Miscellaneous**

### **287 Exemption from royalty**

(1) If the Minister, on application by the holder of a mining lease, is satisfied that the value of publicly owned minerals recovered as a result of mining operations carried on during a royalty period was less than the appropriate amount, no royalty is payable to the Minister under this Act in respect of those minerals.

(2) In this section: "**appropriate amount**", in relation to a royalty period, means:

- (a) if the royalty period is 12 months--\$2,000, and
- (b) if the royalty period is less than 12 months--such amount as bears to \$2,000 the same proportion as the number of days in the royalty period bears to 365.

"**mining operations**" means mining operations carried on:

- (a) on a parcel of land subject to a mining lease held by a person who is not the holder of any other mining lease, or
- (b) on 2 or more parcels of land subject to 2 or more mining leases, if the holder of each parcel is the same person and if each parcel adjoins the other or another of those parcels.

"**royalty period**", in relation to a mineral recovered by a person under a mining lease, means:

- (a) the period commencing on the day on which the person first became entitled,

under the mining lease, to mine the mineral, and ending on the last day of the first period in respect of which the person is required by this Act to pay royalty in respect of the mineral, or

(b) the period commencing on the day after the last day of any period in respect of which the person is required by this Act to pay royalty in respect of the mineral and ending on the last day of the next such period, or

(c) if, during a period referred to in paragraph (b), the person ceases to be entitled to mine the mineral on the land the subject of the mining lease--the period commencing on the day after the last day of the previous royalty period and ending on the day on which the person ceases to be so entitled.

#### **287A Waiver of payment of additional royalty for coal**

(1) The Minister may, by order in writing made with the concurrence of the Treasurer, waive all or part of the payment by the holder of a mining lease of royalty at the additional rate prescribed in respect of coal under section 283 (1) (b).

(2) The order may be made only if the Minister is satisfied that it is necessary for the financial viability of the mine, or mines, to which the mining lease relates, having regard to such matters as the Minister considers appropriate.

(3) The power of the Minister to make an order under this section cannot be delegated, despite section 363.

#### **288 Trust fund**

(1) The Minister may, by written notice served on the holder of a mining lease, require the holder to establish a trust fund, in the manner specified in the notice, and to pay into the trust fund (at the time or times so specified) a specified proportion of the money accruing from the sale of minerals (being a proportion that will, in the opinion of the Minister, be sufficient to meet royalty payable to the Minister under this Act in respect of those minerals).

(2) A holder of the mining lease who fails to comply with such a notice is guilty of an offence. Maximum penalty: 100 penalty units and, in the case of a continuing offence, 10 penalty units for each day that the offence continues.

#### **289 Returns**

(1) The holder of a mining lease is to furnish to the Minister returns in such form, at such intervals, in respect of such periods and containing such information, as may be prescribed by the regulations.

(2) The Minister may authorise the holder of a mining lease to furnish to the Minister returns in a different form, at different intervals or in respect of different periods from the form, intervals or periods so prescribed.

(3) A person must not:

(a) refuse or fail to comply with a requirement under this section to the extent to which the person is capable of complying with it, or

(b) in purported compliance with such a requirement, furnish information that the person knows to be false or misleading in a material particular.

Maximum penalty: 100 penalty units.

#### **290 (Repealed)**

#### **291 Payment of royalty**

(1) Royalty payable to the Minister under this Act is payable:

(a) except in so far as a determination under paragraph (b) has effect--at such times, and in respect of such periods, as may be specified in or determined in accordance with the regulations, or

(b) on demand by the Minister in respect of such periods as the Minister determines.

(1A) If a person who is liable to pay royalty fails to pay it as required by subsection (1), the person is guilty of an offence. Maximum penalty:

- (a) in the case of a corporation--10,000 penalty units, and, in the case of a continuing offence, a further penalty of 1,000 penalty units for each day that the offence continues, or
- (b) in the case of a natural person--2,000 penalty units or imprisonment for 12 months, or both, and, in the case of a continuing offence, a further penalty of 200 penalty units for each day that the offence continues.

(2) If an amount of royalty payable to the Minister is not paid:

- (a) by the time that it becomes payable in accordance with the regulations, or
- (b) within 28 days of the demand for its payment,

interest is, if the Minister so directs, to be added to the amount due at such rate as the Minister determines.

(3) The regulations may make provision for or with respect to the manner in which royalty payable to the Minister under this Act is to be paid and, in particular, may require that payment of any royalty referred to in the regulations is to accompany a return made under this Part.

## **292 Recovery of royalty**

(1) Royalty, and any interest on the royalty, payable to the Minister under this Act are debts due to the Crown and are recoverable in a court of competent jurisdiction.

(2) A certificate that is signed by the Minister and that states that on a date, or during a period, specified in the certificate, an amount of royalty or interest so specified was payable to the Minister under this Act by a person so specified is admissible in evidence in all courts and is evidence of the fact or facts so certified.

## **Part 14A – Fees**

### **Division 1 – Preliminary**

#### **292A Definitions**

(1) In this Part: "**authorisation fee**" means an annual rental fee or administrative levy payable under this Part. "**grant anniversary date**" --see section 292B.

(2) A reference in this Part to when an authorisation is granted or renewed is taken, in relation to a grant or renewal of an authorisation that takes effect under this Act after the date that it is granted or renewed, to be a reference to when the grant or renewal takes effect.

#### **292B Meaning of "grant anniversary date"**

(1) In this Part, a "**grant anniversary date**" means an anniversary of the date on which an authorisation is granted.

(2) To avoid doubt, a reference in this Part to a grant anniversary date occurring during the term of an authorisation includes any part of the term of an authorisation occurring after the term for which the authorisation as granted or renewed was due to expire but during which the authorisation continues to have effect under section 117. Section 117 provides for the continuation of an authorisation if an application is made for renewal of the authorisation and it is not finally disposed of before the date on which the authorisation would otherwise cease to have effect.

### **Division 2 – Fees payable for authorisation**

#### **292C Fees payable in respect of authorisation**

(1) The following fees are payable under this Part to the Director-General, on behalf of the Crown, for the privilege of being the holder of an authorisation:

- (a) an annual rental fee,
- (b) an administrative levy.

(2) The authorisation fees are payable in addition to any royalty payable under Part 14 and any other fees payable under this Act.

#### **292D Authorisation fees payable by holder of authorisation**

(1) An authorisation fee is payable by a person who is, or will be, a holder of the authorisation at the time liability for the fee arises.

(2) If there is more than one holder of an authorisation, each of the holders is jointly and

severally liable for payment of an authorisation fee.

### **Division 3 – Annual rental fee**

#### **292E Liability for annual rental fee**

- (1) Liability for an annual rental fee arises on the grant of an authorisation and on each grant anniversary date that occurs during the term of the authorisation.
- (2) An annual rental fee for which liability arises on the grant of an authorisation must be paid, in advance, before the authorisation is granted.
- (3) An authorisation for which an annual rental fee is payable must not be granted until the first annual rental fee is paid.
- (4) In subsection (3), a reference to the granting of an authorisation includes a reference to the taking of any action under this Act as a result of which an authorisation is taken to have been granted under this Act. For example, a partial transfer of an authorisation cannot be registered under section 122 (5) until the annual rental fee is paid.
- (5) An annual rental fee for which liability arises on a grant anniversary date must be paid within the period (of not less than 7 days) specified by the Director-General by notice in writing served on a person liable.

#### **292F Amount of annual rental fee**

- (1) The amount of the annual rental fee is the amount provided for by, or calculated in accordance with, the regulations.
- (2) The regulations may provide that no annual rental fee is payable in respect of any specified period.

#### **292G Exemptions**

The following authorisations are exempt from the requirement to pay an annual rental fee:

- (a) an exploration licence held by the Director-General,
- (b) a small-scale title,
- (c) an environmental assessment permit,
- (d) any authorisation, or authorisation of a class, exempted by the regulations.

### **Division 4 – Administrative levy**

#### **292H Definitions**

In this Division:

**"annual administrative levy"** --see section 292I.

**"minimum deposit"** has the same meaning as it has in Part 12A.

**"security deposit condition"** has the same meaning as it has in Part 12A.

**"term administrative levy"** --see section 292J.

#### **292I Liability for annual administrative levy**

- (1) The administrative levy payable under this Part for an authorisation (other than a small-scale title) is an annual administrative levy.
- (2) Liability for an annual administrative levy arises on the grant of an authorisation and on each grant anniversary date that occurs during the term of an authorisation.
- (3) An annual administrative levy for which liability arises on the grant of an authorisation must be paid, in advance, before the authorisation is granted.
- (4) An authorisation for which an annual administrative levy is payable must not be granted until the first annual administrative levy is paid.
- (5) In subsection (4), a reference to the granting of an authorisation includes a reference to the taking of any action under this Act as a result of which an authorisation is taken to have been granted under this Act. For example, a partial transfer of an authorisation cannot be

registered under section 122 (5) until the administrative levy is paid.

(6) An annual administrative levy for which liability arises on a grant anniversary date must be paid within the period (of not less than 7 days) specified by the Director-General by notice in writing served on a person liable.

**292J Liability for term administrative levy (small-scale titles)**

(1) The administrative levy payable under this Part for a small-scale title is a term administrative levy.

(2) Liability for a term administrative levy arises on the grant of a small-scale title and, in the case of a mineral claim, on renewal of the mineral claim.

(3) A term administrative levy must be paid, in advance, before a small-scale title is granted and, in the case of a mineral claim, before the claim is renewed.

(4) A small-scale title for which a term administrative levy is payable must not be granted or renewed until the term administrative levy is paid.

(5) In subsection (4), a reference to the granting of a small-scale title includes a reference to the taking of any action under this Act as a result of which a small-scale title is taken to have been granted under this Act.

**292K Amount of annual administrative levy**

(1) The amount of an annual administrative levy is one percent of the security deposit amount.

(2) The "**security deposit amount**" is the amount of the security deposit required to be provided and maintained under a security deposit condition that has effect in relation to the authorisation for which the administrative levy is payable when liability for the levy arises.

(3) If a single security deposit is required to be provided and maintained in respect of more than one authorisation, the amount of the annual administrative levy is:

- (a) one percent of the relevant proportion of the security deposit amount, or
- (b) one percent of the minimum deposit for the authorisation at the date liability arises,

whichever is the greater.

(4) The "**relevant proportion**" is the proportion that one bears to the number of authorisations for which the security deposit is required to be provided and maintained (disregarding any authorisations that have been cancelled or have otherwise ceased to have effect before liability arises).

(5) A security deposit is required to be provided and maintained under a security deposit condition even if the condition requires the security deposit to be provided at a future date or within a period ending on a future date.

(6) If no security deposit is required to be provided and maintained in respect of an authorisation on a date liability for an annual administrative levy arises, and there is a minimum deposit for the authorisation at that date, the security deposit amount is taken to be that minimum deposit.

(7) For the purpose of enabling payment of the first annual administrative levy in advance of liability arising, a decision-maker is to give notice to an applicant for the grant of an authorisation of any security deposit condition that will be imposed on the grant.

**292L Minimum amount of annual administrative levy**

(1) The minimum amount for an annual administrative levy is \$100 or, if another minimum amount is prescribed by the regulations, that other amount.

(2) If, but for this section, an annual administrative levy would be less than the minimum amount, the levy payable is taken to be the minimum amount.

**292M Amount of term administrative levy**

(1) The amount of a term administrative levy is the annual administrative levy multiplied by the term of the authorisation.

(2) The annual administrative levy for an authorisation in respect of which a term

administrative levy is payable is calculated in the same way as it is for an authorisation for which an annual administrative levy is payable.

(3) To avoid doubt, the minimum amount for an annual administrative levy applies in relation to a calculation of a term administrative levy. Accordingly, the minimum administrative levy for an authorisation in respect of which a term administrative levy is payable will be \$100 (the minimum amount of the annual administrative levy) multiplied by the term of the authorisation.

(4) The "**term of an authorisation**" is the number of years for which the authorisation is granted or, in the case of a liability for an administrative levy arising on the renewal of a mineral claim, renewed.

(5) Any period of less than a year for which a small-scale title is granted or renewed is to be counted as a year.

(6) The period for which a mineral claim is renewed is to include any period during which, before its renewal, the mineral claim was taken to continue to have effect under section 197 (3).

(7) For the purpose of enabling payment of a term administrative levy in advance of liability arising, a decision-maker is to give notice to an applicant for the grant or renewal of a small-scale title of:

- (a) any security deposit condition that will have effect on the grant or renewal, and
- (b) the proposed term of the authorisation.

(8) In this section: "**year**" means a period of 12 months.

## **292N Exemptions**

The following authorisations are exempt from the requirement to pay an administrative levy:

- (a) an exploration licence held by the Director-General,
- (b) any authorisation, or authorisation of a class, exempted by the regulations.

## **Division 5 – General**

### **292O Assessment of liability**

- (1) The Director-General is to assess the liability of a person for an authorisation fee.

  - (a) it appears that a previous assessment was incorrect, or
  - (b) a reassessment is otherwise authorised or required by this Act or the regulations.

### **292P Recovery of fees**

Any authorisation fee payable under this Part is a debt due by the holder of the authorisation concerned to the Crown and is recoverable in a court of competent jurisdiction.

### **292Q Failure to pay fee**

A failure to pay an authorisation fee within the time required under this Part is a contravention of this Act, but is not an offence.

A contravention of this Act can be taken into account when decisions about the grant or renewal of authorisations are made under this Act.

### **292R Late payment fee**

- (1) If an authorisation fee is not paid within the time required under this Part, the Director-General may charge a late payment fee in respect of the authorisation fee, calculated at the rate of 15% of the overdue amount per annum compounded quarterly (or, where another rate is prescribed by the regulations, that other rate).
- (2) A late payment fee may be charged for any days in the period starting at the end of the day the authorisation fee was required to be paid and ending on (and excluding) the day the authorisation fee is paid.
- (3) A late payment fee is taken to form part of, and is recoverable in the same way as, the

authorisation fee.

## **292S Effect of cancellation or suspension**

- (1) The cancellation of an authorisation does not affect any liability for an authorisation fee that arose on a date that occurred before that cancellation.
- (2) Subject to the regulations, an authorisation fee does not cease to be payable, or become refundable, because the Director-General directs a person to suspend operations under the authorisation.

Section 382A gives the Director-General power to waive or refund fees payable under this Act in appropriate cases.

  - (7) In this section: "**authorised investment program**" means any Government program or initiative the object of which is to promote investment in State minerals or petroleum (or both), including:
    - (a) the program administered by the Department known as the New Frontiers minerals and energy exploration initiative (or New Frontiers), and
    - (b) any other program or initiative that provides for, or improves, the geoscience information available in respect of State minerals or petroleum (or both), and

(2) However, a court is not to make an order for payment to a person under subsection (1) to the extent that the payment would represent the value of minerals owned by that person that the offender had obtained by fossicking, prospecting operations or mining operations carried out with the consent of that person and in or in connection with the offence.

(3) An order made by the Local Court under subsection (1) is enforceable as if it were an order made by the court when exercising jurisdiction under the *Civil Procedure Act 2005*.

(3) The amount of an additional penalty for an offence is not subject to any maximum amount of penalty provided elsewhere by or under this Act.

(4) In this section: "**monetary benefits**" means monetary, financial or economic benefits. "**the court**" does not include the Local Court.

However, the Local Court is not authorised to make an order referred to in paragraph (c), (d), (e) or (i).

(2) The court may, in an order under this section, fix a period for compliance and impose any other requirements the court considers necessary or expedient for enforcement of the order.

(3) If the offender contravenes an order under subsection (1) (a) or (b), the prosecutor or a person authorised by the prosecutor may take action to carry out the order as far as may be practicable, including action to publicise or notify:

- (a) the original contravention, its environmental and other consequences, and any other penalties imposed on the offender, and
